Overview

Graz is the capital of Styria and Austria's second-largest city. Its old town is a UNESCO World Heritage site and a rare mix of Gothic, Renaissance and baroque buildings. The Mur river runs through the centre, and the Schlossberg hill rises above the old town.

Graz is a student city with a relaxed feel. It also has strong modern architecture and a reputation for good food. It suits a two-day visit.

When to visit

April to October is the best time. Summers are warm and sunny, and outdoor cafes fill the old town. Autumn brings local pumpkin dishes and wine in the surrounding hills. Winters are cold and foggy, but the Advent markets are popular. Rain is possible all year.

Getting around on foot & by bike

WALKABILITY

High

The old town is compact and flat. The Schlossberg is a short climb or lift ride.

CYCLING INFRASTRUCTURE

High

Graz is one of Austria's best cycling cities, with many lanes and flat streets.

Driving

A car is not needed in the city. It helps for the wine roads and the mountains in Styria. The city centre has a low-traffic zone, so use a garage on the edge. Motorways in Austria need a vignette.

Food & drink

Styria is known as Austria's green heart. Look for pumpkin seed oil, used on salads and desserts. *Backhendl*, fried chicken, and *Käferbohnen* beans are local dishes. The region produces white wines such as Sauvignon Blanc, and *Schilcher*, a pink wine. Graz has a strong cafe and market culture.
