## TRAVEL GUIDE

## Overview

Sylt is a long, narrow island in the North Sea, off the north-west coast of Germany. The west coast has a sandy beach about 40 km long. The east side faces the Wadden Sea, a tidal flat area that is part of a national park.

The island is about 38 km from south to north. Villages with thatched houses lie between dunes, heath and cliffs. The island suits beach holidays, cycling and walks. Plan two or three nights to see more than one village.

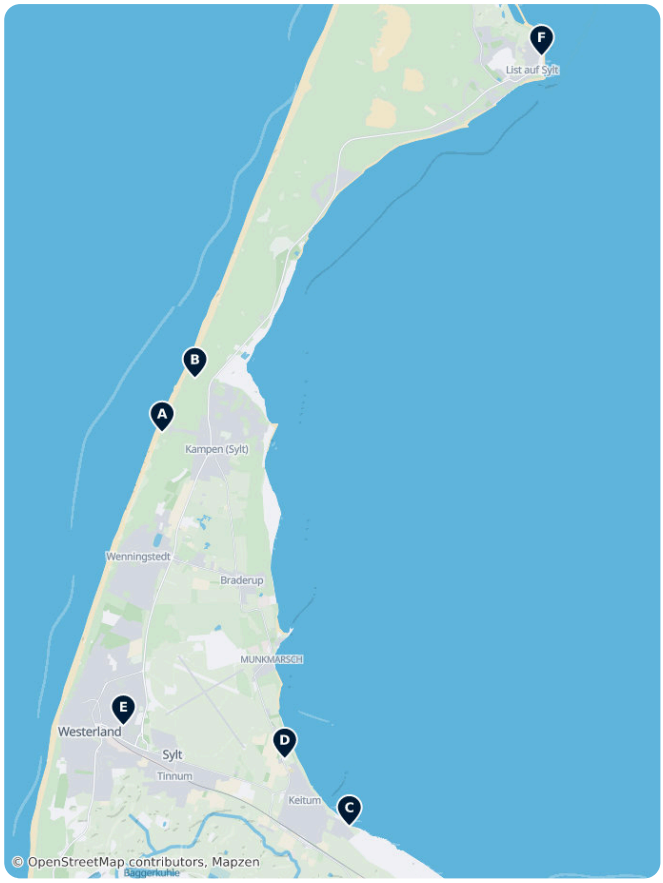

## When to visit

Summer is the main season, with the warmest weather and the warmest sea. Spring and autumn are quieter and cooler. Winter is cold, wet and windy, and the days are short. Wind is part of every season, so bring a windproof jacket even in summer.

## What to experience

- Walk the Wadden Sea mudflats at low tide with a guide.
- Walk along the west coast beach between Wenningstedt and Kampen and see the Rotes Kliff from below.

## Day trips

Sylt is itself an island trip, so day trips mean other islands. Both options need a ferry.

- Rømø is a Danish island with a wide sandy west coast. A car ferry links List on Sylt with Havneby on Rømø.
- Föhr and Amrum are North Frisian islands south of Sylt. Ferries to them leave from the mainland port of Dagebüll.

## Getting there

- By train: Trains run from Hamburg to Westerland, including ICE L services. They cross the Hindenburgdamm, a rail causeway from the mainland. Passenger trains also run between Westerland and Niebüll on the mainland.
- By air: Sylt Airport is in Westerland. It has direct flights from several cities.
- By car: Cars cross by car train between Niebüll and Westerland. See the driving section.
- By ferry: A ferry runs between Havneby on the Danish island of Rømø and List, in the north of Sylt.

Plan train journeys on Deutsche Bahn. Tourist information is on Sylt Tourismus.

## Getting around

- **Buses**: The SVG buses reach all island towns from Westerland. Line 1 goes north to Wenningstedt, Kampen and List. Line 2 goes south to Rantum and Hörnum.
- Tickets: Buy tickets in the SyltGO! app or the DB Navigator app. On board, buses accept only cashless payment by card or phone. Cash is possible only at the ticket offices, for example in Westerland.
- **Bikes**: Each bus has racks for up to five bikes.

### Getting around on foot & by bike

WALKABILITY

**Moderate**

Villages are compact, but they lie several kilometres apart.

CYCLING INFRASTRUCTURE

**High**

The island is flat and bikes can be rented.

## Driving

- Is a car worth it? Buses reach all towns. A car is not needed for most stays.
- Car train: Two operators carry cars between Niebüll and Westerland, the DB Sylt Shuttle and Autozug Sylt. Tickets are valid only for the operator you book. Both sell tickets with or without a reservation, online or at the terminal.

# Food & drink

Fish and seafood are the local focus. Look for fish rolls, North Sea fish and oysters from List.

For eating out, go to List harbour and to the village of Keitum.

## Safety & health

- Swim only on beach sections with lifeguards. Currents on the west coast can be strong.
- Never walk far onto the mudflats without a guide. The tide comes in fast.
- Stay back from the cliff edges, for example at the Rotes Kliff. The sea erodes the coast.

## History

- The island was divided in 1386 between the Duke of Schleswig and the King of Denmark.
- Keitum became the island's main village in the 17th and 18th centuries. It was a home for wealthy sea captains.
- Westerland became a seaside resort in 1855. It became a town in 1905.
- The Hindenburgdamm opened in 1927 and linked the island to the mainland by rail.
- In the 1950s and 1960s, Kampen became known for its celebrity visitors.
